

BARK NUGGETS

Perfect for suppressing weed growth and conserving soil moisture, this mulch consists of sustainably sourced pine bark, Douglas fir and larch. An environmentally friendly bark which is great for areas exposed to pets.

This play grade product is RHS (Royal Horticultural Society) endorsed, FSC (Forest Stewardship Council) certified and fire tested to British Standard BS4790.

Straightforward to install and simple to rake out, you can have your flower beds or play areas looking beautiful in no time!

If you'd like to discuss any specific requirements for your installation - please call one of our experienced team members and they will be happy to help.
